Request Description

Short Description : all laboratory testing for nitrate, pesticides and any other contaminants from the samples of groundwater collected by the digging of bore holes by the Environmental Protection Agency in Juneau County, Wisconsin, in the area west of Petenwell Lake, on or around the week of May 4, 2018.

I hereby respectfully request the results of all laboratory testing for nitrate, pesticides and any other contaminants from the samples of groundwater collected by the digging of bore holes by the Environmental Protection Agency in Juneau County, Wisconsin, in the area west of Petenwell Lake, on or around the week of May 4, 2018. I request analytical results, sample collection dates, and address locations. If property locations, addresses, parcel numbers and ownership are viewed as private information and redaction is required, then I request sample locations be otherwise identified in another form of acceptable criteria like nearest quarter-quarter section, township, range, section number and county

name, GPS coordinates, or other locational criteria. Thank you.
